

Film Crew Roles

In your film-making lessons, you are required to try out different jobs and roles involved in making a short documentary film.

Usually, all the people involved in these real roles for a film or television programme are listed in the End Credits.

For this challenge, choose and watch any film or TV programme. After it has finished, pay close attention to the End Credits (you may need to use the pause button!).

List some of the names of the roles here (don't worry about the actual names of the people, just the job role).

Example - Director: Person with main responsibility to direct film and film crew

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____

Try to add a note about what you think is the main responsibility for each role.

Which of the roles do you think you would be best at. Why?
